

# Teaching Statement Feedback Prompts

## Teaching & Learning

- Does the writer articulate a view of learning and connect this to a view of teaching in their discipline?
- Does the statement describe general goals for students?
- Does the writer include discipline-specific teaching and assessment strategies?

## Claims & Evidence

- Is the statement written in the first person and illustrated with concrete examples?
- What kinds of evidence are used to support claims? How does technology figure here?
- Is there a guiding structure or recurrent theme(s) that connect the discussion of teaching and learning to the examples and the rest of the document?

## Development

- Does the writer describe future goals for growth as a reflective teacher?
- Is there evidence of collaboration, collegiality or other things to show “fit?”
- What concepts, themes or values in this teaching statement could be taken forward and explored further?
